

For the major Photonics is the program MATLAB R2018a required and has to be installed before start of course. The student version can be bought for CHF 119.-.

Down below, you can find a manual, how you can get the software. You need a University of Applied Sciences of the Grisons mailaddress and a valid credit card.

1. Go to the website:
<https://ch.mathworks.com/store/link/products/student/SV>
2. In addition to «MATLAB and Simulink Student Suite» select the modules «Simulink Design Optimization» and «Computer Vision System Toolbox».

MATLAB Product Family			
MATLAB and Simulink Student Suite <small>Includes MATLAB Student, Simulink, Control System Toolbox, DSP System Toolbox, Data Acquisition Toolbox, Image Processing Toolbox, Instrument Control Toolbox, Optimization Toolbox, Signal Processing Toolbox, Simulink Control Design, Statistics and Machine Learning Toolbox, Symbolic Math Toolbox</small>		CHF 99.00	<input checked="" type="checkbox"/>
 Simulink Design Optimization		CHF 29.00 CHF 10.00	<input checked="" type="checkbox"/>
 Computer Vision System Toolbox		CHF 29.00 CHF 10.00	<input checked="" type="checkbox"/>

3. Click on «Add to Cart»

Product <small>Sort By Name</small>		Price	Add

Terms for Student Use of MathWorks Software

This Student License is for use by students on student-owned hardware to meet course requirements and perform academic research at degree-granting institutions only. It is not available for government, commercial, or other organizational use.

If you are using the software at a company or government lab, as an instructor at a university, for research, or for commercial or industrial purposes, please [choose another license option](#).

All users of MATLAB Student and MATLAB and Simulink Student Suite are required to activate their software using their MathWorks Account.

By clicking on the "Continue" button below, you confirm that you are eligible for Student use pricing.
