

## Install a plotter on a Mac

---

1. Download the driver for the plotter. You can download it from the Intranet Downloads/Informatik/Treiber/MAC/Plottertreiber/HP Plotter..., or from one of the following links.

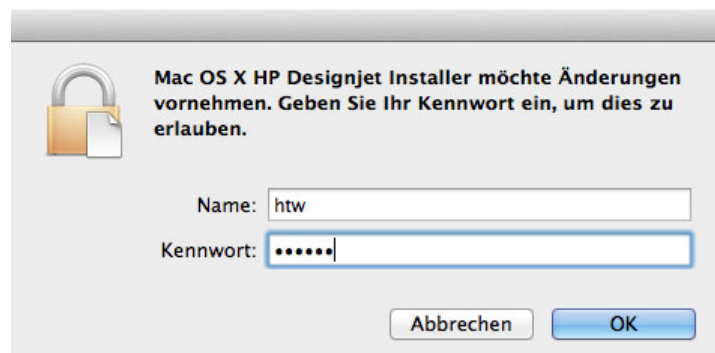

### Plotter building A:

<https://support.hp.com/ch-de/drivers/selfservice/hp-designjet-t930-printer-series/8255326>

### Plotter building C:

<https://support.hp.com/ch-de/drivers/selfservice/hp-designjet-t920-printer-series/5365093>

2. Install the driver with the standard settings. After the installation close the HP assistant. During the installation you have to enter your username and password of your Mac.

3. Open an Internet browser.
4. Connect with the following URL: <http://localhost:631>

5. If following message is shown do the steps 6 – 9. Alternatively go on with step 10.

6. Search for the Terminal with the magnifier top right by the clock  
7. Enter the following command:

8. Open an Internet browser.  
9. Connect with the following URL: <http://localhost:631>

10. Click on "Administration".

## CUPS 1.5.3

CUPS is the standards-based, open source printing system developed by Apple Inc. for Mac OS® X and other UNIX®-like operating systems.

### CUPS for Users

11. Click on "Add Printer".

12. Enter your name and password of your Mac.

13. Choose "LPD/LPR-Host or – Printer" in the "Other Network Printers" list and click on "Continue".

14. Fill in the following line under "Connection" and click on "Continue":

For the plotter HP Designjet T920ps (Building C):  
smb://[username]:[password]@printserver.fhgr.ch/C0-04-pl-c-1

For the plotter HP Designjet T920ps Plus (Building C):  
smb://[username]:[password]@printserver.fhgr.ch/C0-04-pl-c-2

For the plotter HP Designjet T930 (Building A):  
smb://[username]:[password]@printserver.fhgr.ch/A3-04-pl-c-1

## Add Printer

Connection:

Examples:

http://hostname:631/ipp/  
http://hostname:631/ipp/port1

ipp://hostname/ipp/  
ipp://hostname/ipp/port1

lpd://hostname/queue

socket://hostname  
socket://hostname:9100

See "Network Printers" for the correct URI to use with your printer.

15. This information are free selectable. The description will be shown on the printer selection. Click on "Continue".
